Product Code	Description
8292-09PSS	9" Adjustable Black Stainless Strap Hinge
8292-12PSS	12" Adjustable Black Stainless Strap Hinge

## INSTALLATION IS QUICK & EASY

1.

place first strap back plate so bend hooks around edge of post and centered on rails. attach back plate and block using screws.

2.

using a 5/16" bit drill three perpendicular holes at least half way through the thickness of the gate.

3.

Flip the gate over. attach second back plate on the back side at the same level as the first back plate. drill holes as in steps 1 & 2.

4.

Attach the strap with pins to front of gate using carriage bolts. Pass bolts thru strap, both back plates, secure with washers and nuts

## Cane Bolt with retainer

### NEW 48" Length

separate retainer lets you select  
 the amount of drop

no awkward protuberances on  
 the bar to line up

wrap around stainless steel  
 cane bolt with separate  
 retainer. The separate  
 retainer can be set so that  
 the bar can be raised or  
 lowered anywhere between  
 1 and 10 inches (even more  
 for the 48" cane bolt). It  
 also eliminates the  
 frustration of lining up  
 protuberances on the bar  
 with holes on the guides.

Available in either black  
 or white polyester powder  
 coating over 304 Stainless  
 Steel. Stainless steel "tek"  
 fasteners included.
